

# Air Blow Gun 95ND

PRO MASTER®

**188 100**

## SPARE PARTS / ACCESSORIES

**Part No. 180 800**  
Aluminium extension.

**Part No. 180 801**  
Extreme flow nozzle.

**Part No. 180 802**  
Standard nozzle.

**Part No. 180 803**  
Chip guard.

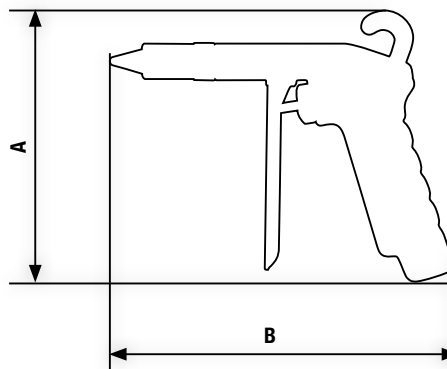

## DESCRIPTION

Professional solution for those tasks in which maximum blowing force is needed. Meeting OSHA standards it features a very ergonomic trigger and hand grip. Its cast aluminium body guarantees it is a robust but light tool. The Coandă effect produced in the nozzle provides maximum flow with a reduced noise level.

## TECHNICAL SPECIFICATIONS

PART No.	188 100
WORKING PRESSURE RANGE	0-8 bar (0-115 psi)
MAX FLOW*	>700 l/min / >24 cfm
MAX NOISE LEVEL*	87 dBA
MATERIALS IN CONTACT WITH AIR	Aluminium, Brass
INLET THREAD	1/4" BSP F

\* With extreme flow nozzle

A	B
125 mm (4.9")	150 mm (5.9")
